***I've omit MC's name** in harem titles where he's doing most (if not all) of the fucking

- For titles like these the **colored rows** means MC isn't in the scene
- To elaborate: Titles where the few scenes **without MC** features either **only one character** or **unnamed/side characters** instead of MC

***Removed hyphen** from Korean names for convenience. (Ju-Mi → Jumi, Jae-Eun → Jaeun etc.)
